ABOUT MYSELF

john-latay.com jlatay0019@gmail.com 778.237.4422

University has honed my design skills - creating graphics, prototyping products, and conducting user testing for several of my projects. Over these years I have cultivated my ability to effectively communicate ideas to people. Furthermore, it brings me a great satisfaction to simplify and optimize workflows, products, and user interactions.

EDUCATION

PROJECT EXPERIENCE

Simon Fraser University

USER RESEARCHER - SENTILE

SEPT 2017 - DEC 2017

Bachelor of Science 2014-Presnt

User Centered Research & Design

ENTREPRENEURSHIP & INNOVATION

Major in Interactive Arts & Technology

Researched people with visual impairment, as well as conducted interviews and observations to formulate a business proposal. Ideated with a team and came up with several solutions and proposals that are conceptually implemented. Created marketing materials using Adobe Illustrator and Photoshop, as well as created physical prototypes which was fully implemented for the final business proposal at the end of the semester.

SKILLS

HTML & CSS

Wireframing

UX/UI DESIGNER - STRANGER DANGER

Mobile Experience Design

MAY 2016 - AUG 2016

Infographics Prototyping

Sketching **User Testing** MOBILE COMPUTING & DEVELOPMENT

Worked with a fellow designer to create a mobile companion app that provides a tool for users to increase their safety and secruity while travelling at night. Created wireframes using Adobe Illustrator as well as conducted user testing on the application. Practiced iteration prototyping and was able to fully implement the proposed design by the end of the semester.

TOOLS

Research

INDUSTRY EXPERIENCE

Adobe Illustrator Adobe Photoshop Microsoft Office Maya Modelling Proto.io / Figma GitHub / GitKraken

COMMUNICATION DESIGNER

JAN 2017 - AUG 2017

Downtown Surrey Business Improvement Association

CO-OP EXPERIENCE

Created graphic and branding work for this non-profit organization in order to engage the community. Worked with other co-op students and stakeholders in the city to curate, brand, and promote events such as Movies Under the Stars, a night where all kinds of families in the community can enjoy a free film together.

INTERESTS
